Accepted at ENSCI-Les Ateliers · SIBD, Rennes
2026 - 2028 · Upcoming programme
RNCP41102 · Expert en stratégie d'innovation durable par le design (MS)
Work-study placement · December 2026 - January 2028

Profile

Entrepreneur and Creative Director at REBIAA since 2020, I connect brand, products, services and organisation. I seek a placement in sustainable innovation by design, at the intersection of venture building and premium / luxury experiences, focused on heritage and high-potential assets.

Placement objectives

- Diagnosis: analyse uses, ecological and social challenges, and resources.
- Strategy: define priorities and contribute to a shared roadmap.
- Design: develop concepts, prototype and test solutions with diverse users.
- Implementation: engage stakeholders and evaluate impacts.

Placement scope and deliverables to be approved by the programme team.

Responsibilities & achievements

REBIAA

Managing Director & Creative Director · Tunis, Tunisia

2020 - present

- Brand: positioning; visual, graphic and narrative identity design and rollout across menus, signage, website and social media.
- Products with craftspeople: solid wood gift boxes and olive oil derivatives (candles, cosmetics, ice cream, desserts, cocktails).
- Exploration: a travel-inspired leather bag prototype.
- Service: a 3 L Bag-in-Box and refillable bottle for restaurants.
- Organisation: management, production by plot, storage; decisions on acquiring and integrating a complete olive pressing and bottling unit.
- Viability: a pre-sold order with a 50% deposit; Lab'ess incubation.
